

Santa was sure good to us this year. He let us tour our new facility in Roseland and we are happy to announce that we will be in our new facility within the first part of the year!
Here are a few sneak peek pictures of our new home!

December

2021

During the month of December, we will be doing a lot of adjusting to our activities calendar. We will continue to care for your loved ones with cognitive, creative, physical, past life roles, sensory social and spiritual activities and tasks as staff and volunteers help us transition to our new building.

We will begin specific clubs for interested clients and moving towards our "lifestyle focused" & "client centered" programming.

Milton Adult Day Services

Be Careful!

The sidewalks and ramps will be getting very icy as the weather gets cold! Please hold onto your loved ones when entering and exiting the day center!

(574) 232-2666

Welcome Everyone!

We have a handful of Notre Dame students that has started volunteering and focusing on brain stimulation and engaging with our clients! It is great to see new faces with the students and our new clients!
